

## 2022 ANNUAL REPORT

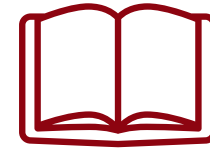

In 2022, GSPL had more visitors, more programs, and more items borrowed as we returned to in-branch service after the pandemic. We also saw increased meeting and study room use, and more municipal transactions were conducted at our libraries and Citizen Service Centres.

In response to changing needs, we have rolled out new ways of serving our community with WiFi Hotspot and CO2 monitor lending, and social services now offered in some branches.
